

**ENERGY
EFFICIENCY**

YOU CAN TRUST THE ENERGY SAVINGS AND QUALITY OF SILVER LINE® WINDOWS & DOORS

**LONG-LASTING
RELIABILITY**

Silver Line by Andersen is your partner for today and tomorrow. We are proud to be a part of the Andersen family with a long history of standing behind our products and our customers. Silver Line® windows and doors are designed with quality materials and are engineered to last for the life of your home,[†] so you can trust you're getting a great value.

ENERGY EFFICIENCY

Save money by saving energy

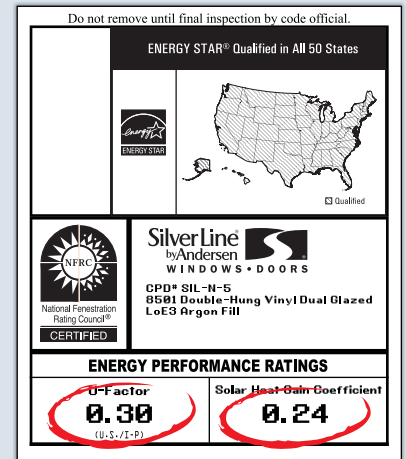

The ENERGY STAR® mark means a product is energy efficient, but did you know that ENERGY STAR qualified windows and doors can reduce energy bills up to 15% while helping protect the environment?^{††}

It pays to understand performance

When shopping for windows and doors, look for products that have a performance label including ENERGY STAR ratings. This gives you accurate, third-party certified information, including:

U-Factor: The lower the U-Factor, the lower your heating bills.

SHGC: The lower the SHGC, the lower your cooling costs.

QUALITY

Easy operation for years to come

Silver Line products are rigorously tested to deliver years of smooth, reliable operation.[†]

Low-maintenance

Our windows and doors are constructed with heavy duty, low-maintenance vinyl that has color consistent throughout, making scratches virtually invisible and eliminating the need for painting.

Time-honored reliability

For more than 60 years Silver Line has been making quality windows and doors you can rely on.

Our commitment to customer satisfaction

We stand behind our products[†] and beside our customers. Our network of dedicated professionals is just a phone call away.

Peace of mind

These Silver Line® windows and patio doors are backed by our Limited Lifetime Warranty. We make sure that our products provide a lifetime of energy efficient, reliable performance.[†]

VALUE

^{††} Source: www.energystar.gov

The Silver Line difference

Silver Line windows and patio doors are designed to provide uncompromising value. They achieve the ideal balance of style, performance and price, making them a preferred choice of building professionals and homeowners alike. Our ability to offer an extensive selection of high performance, low-maintenance windows and doors at incredibly affordable prices makes choosing products from Silver Line the clear choice.

The perfect fit

Silver Line windows and doors are available in a wide range of custom sizes so you're ordering what you need to fit your space. There's no added expense for reframing your openings. You're getting the perfect fit every time.

What you need

We offer an array of options for our windows and doors that lets you choose what you want so you are always getting exactly what you need at the price that fits your budget.

PREFERRED

DOUBLE-HUNG WINDOW

Our most popular window, the Silver Line® 8500 Series double-hung window is designed to provide energy savings and low-maintenance convenience in an attractive window. The colonial profile and durable construction make this an excellent choice for your home.

Features & Benefits

- Attractive colonial brickmold design adds a touch of classic style to your home
- Tilt-in top and bottom sash offer easy cleaning from inside your home
- Specially designed balance system makes this window effortless to open
- Vent latches allow for easy ventilation while keeping your windows secure
- ENERGY STAR® qualified with the appropriate energy efficient options
- Limited lifetime warranty ensures your windows will perform for as long as you own your home[†]

SLIDING WINDOW

The Silver Line® 8700 Series sliding window is ideal for bringing light and style into any room. Sash glide smoothly on a specially designed rolling track. Available in various 2 and 3-panel configurations, this sliding window provides an energy efficient solution for your remodeling needs.

Features & Benefits

- Attractive colonial brickmold design adds a touch of classic style to your home
- Durable rollers and a smooth rolling track make opening these windows easy
- Sleek styling allows this window to fit wherever space is limited
- Vent latches allow for easy ventilation while keeping your windows secure
- ENERGY STAR® qualified with the appropriate energy efficient options
- Limited lifetime warranty ensures your windows will perform for as long as you own your home[†]

CASEMENT & AWNING WINDOWS

Silver Line® 70 Series casement and awning windows offer a balance of style and convenience with energy efficiency. With many configurations to choose from, these windows deliver design flexibility to complement virtually any home.

Features & Benefits

- A wide, flat profile with a curved detail creates an upscale design
- Opens effortlessly for effective ventilation
- Multi-point locking system offers security and easy use
- Folding operator handle eliminates interference with shades and blinds
- Available in many configurations
- ENERGY STAR® qualified with the appropriate energy efficient options
- Limited lifetime warranty ensures your windows will perform for as long as you own your home†

BAY & BOW WINDOWS

Silver Line® 70 Series bay and bow windows help create a bright, open room with an attractive window that is designed to last. These windows offer many features and options and can easily be customized to match your home's style.

Features & Benefits

- Bay windows are available with casement or double-hung windows in 30° and 45° projections with a classic ¼, ½, ¾ configuration
- Bow windows are available with casement windows in 10°, 15°, 22°, 30° or 45° projections and with 3, 4, or 5 lites
- Solid wood frame and mullions provide excellent strength and durability
- Designed to prevent leaks and drafts with vinyl cladding, sill pans and insulated seatboard options
- Easily level window during installation with adjustable steel-rod cable hanging support system
- Limited lifetime warranty ensures your windows will perform for as long as you own your home†

PREFERRED

SLIDING PATIO DOOR

The popular Silver Line® 5800 Series sliding patio door offers a sturdy, elegant and energy efficient design. Built to provide smooth, reliable performance this durable door is ideal for your home.

Features & Benefits

- A thicker, wider profile creates a traditional appearance
- Designed with durable, self-leveling rollers to make opening this door smooth and effortless
- Fusion-welded, heavy duty vinyl frame and panels make a sturdy and durable door
- Interlocking panels help provide an effective seal against drafts
- Tempered glass helps reduce the risk of injury
- Steel reinforced panels offer added strength
- A multi-point lock operates from a single lever for easy and secure locking
- Optional DP/PG rating upgrade is available on many sizes for additional strength and durability
- Fully assembled for fast and easy installation
- ENERGY STAR® qualified with the appropriate energy efficient options
- Limited lifetime warranty ensures your doors will perform for as long as you own your home†

PATIO DOOR HANDLES

This door offers color coordinated, key-lock handles as well as a stylish satin nickel option.

White

Beige

Satin Nickel

ENHANCE YOUR VIEW

Create an eye-catching view to the outdoors by adding coordinating side lites or transoms to your door. Side lites placed near or next to your door widen your view while transoms stacked on top of the door draw your eyes up and out to virtually expand the height of your room. We offer the sizes and options you need to create a welcoming space in your home.

CHOOSE THE FEATURES & OPTIONS THAT ARE RIGHT FOR YOU.

COLOR

These Silver Line® windows and doors are available in white and beige. The color is consistent throughout the vinyl frame and sash, making scratches virtually invisible.

White

Beige

GLASS OPTIONS

These Silver Line® windows and doors are available with energy efficient, dual-pane glass options to achieve the level of comfort and energy savings you are looking for.

LOE2 GLASS

Designed to efficiently and transparently reflect heat, this glass helps keep your home warmer in the winter and cooler in the summer. This can help reduce your energy bills while still ensuring exceptional clarity.

LOE3 GLASS

This highly efficient glass helps reflect even more heat, resulting in increased comfort and energy savings year-round.

ARGON GAS FILL

An odorless, non-toxic gas that helps reduce heat loss, helping to save on heating costs.

TEMPERED GLASS

Heat treated glass that shatters into pebble-sized pieces instead of larger shards to reduce the risk of injury.

OBSCURE GLASS

Textured glass that provides a translucent effect for added privacy.

Tempered Glass

Obscure Glass

GRILLE OPTIONS

Grilles are available in several different types and patterns that can add style to any home.

GRILLES-BETWEEN-THE-GLASS

Our grilles-between-the-glass options are specially designed to enhance your home's décor and make cleaning your windows and doors a breeze.

Flat

Contour

GRILLES OUTSIDE THE GLASS

Many Preferred windows and doors offer Simulated Divided Lites (SDL) with grilles attached to the outside of the glass to give the traditional look of individual panes of glass. We also offer a Check Rail on Preferred casement windows with horizontal grilles attached to the outside of the glass to give the look of either a hung window or a mulled window with a transom.

SDL

Check Rail

GRILLE PATTERNS

Our windows and doors are available with a variety of grille patterns. Choose from patterns such as:

Colonial

Prairie

Diamond

HARDWARE

All of our durable hardware is designed to attractively coordinate with the window and to provide smooth, easy operation. We offer low profile locks and handles to secure our windows so you can feel safe while enjoying a clear view of the outdoors.

INDICATOR LOCK

Our unique, color coordinated indicator lock is standard on Preferred double-hung windows. You can see at a glance if your window is locked, so you'll know your home is secure.

White | Beige
(Shown unlocked)

CAM LOCK

Our color coordinated cam lock is offered on our sliding windows. It is designed to bring the window sash closer together for a snug and secure hold.

White | Beige

FOLDING HANDLE AND LOCK

Silver Line® casement and awning windows come standard with a color coordinated folding handle that eliminates interference with shades and blinds. The coordinating, slim profile lock offers easy and secure operation.

IMPROVING THE VIEW OUTSIDE

Respect for the environment is nothing new at Silver Line

At Silver Line, we hold a commitment to conserve natural resources wherever we can; from designing and testing new products that will deliver greater energy savings for our customers, to more energy efficient delivery methods, even to printing our brochures. We understand the importance of creating healthier and more energy efficient homes.

The U.S. EPA and the DOE have given Andersen Corporation and its family of brands, including Silver Line, the 2012 Sustained Excellence Award. The ENERGY STAR® Sustained Excellence Awards are given only to organizations that have been named ENERGY STAR Partner of the Year for three or more consecutive years. This honor recognizes our continuing commitment to providing energy efficient products. It's a natural extension of our commitment to be the best value for our customers, and we are proud to be recognized again by ENERGY STAR.

Silver Line's vinyl windows and patio doors have been Green Approved by the NAHB Research Center. Using the best existing standards for green and sustainable residential products, Silver Line achieved this approval by providing independent third-party results that our vinyl windows and patio doors perform to the green practice criteria in the National Green Building Standard. As a result, these products are eligible for points toward National Green Building Certification.

Silver Line products are certified under the National Fenestration Rating Council's voluntary third-party certification program designed to ensure accurate energy performance ratings and labeling.

Silver Line proudly participates in the WDMA Hallmark Certification program, which includes product testing and quality control process audits to verify that our windows and doors are produced in conformance with the industry standards for air and water resistance, and structural performance.
