PREMIUM
DOUBLE-HUNG WINDOW

The Silver Line® 9500 Series premium double-hung window offers the ultimate balance of energy savings, beauty and performance to replace your old, drafty windows. Filled with standard features that others offer as upgrades, the 9500 Series double-hung window is in a class of its own providing impeccable styling and engineering excellence for strength and performance. Standard double strength, LoE2 glass helps provide excellent energy savings and improve sound control. With an optional interior oak laminate this window affords the warm, rich look of wood, without the maintenance.

FEATURES YOU WANT

- Energy efficient LoE2 insulated glass for excellent energy savings that can help lower heating and cooling costs
- Fusion-welded vinyl frame and sash create strong, weathertight corners
- Dual weatherstripping virtually eliminates drafts for a more energy efficient home
- Standard double strength glass is more resistant to breakage and helps reduce unwanted exterior noise
- Optional oak interior laminate for the warm, rich look of wood
- The simple, graceful, convex design enhances your home's appearance

**LONG-LASTING[†]
QUALITY**

WHY SILVER LINE[®] WINDOWS & DOORS ARE THE CLEAR CHOICE.

Silver Line[®] windows and doors are designed for years of low-maintenance, energy efficient use. Built with durable and highly insulating materials and crafted with years of experience, you can install our windows and doors once and enjoy them for the life of your home.[†]

ENERGY SAVINGS & A COMFORTABLE HOME

Installing ENERGY STAR[®] qualified Silver Line[®] windows can help:

- Reduce your energy bills
- Make your home more comfortable year-round
- Reduce your impact on the environment

With Silver Line, you're getting more than just beautiful windows and patio doors. You're also getting a commitment to energy efficiency and the environment. The Andersen Corporation, including Silver Line, is honored to receive the Sustained Excellence Award for the second consecutive year. This is the fourth consecutive year the Andersen family of brands has been recognized as Partner of the Year.

When you choose Silver Line windows and patio doors, you know you're getting energy efficient products that will last for years.[†]

TRUST THE QUALITY AND ENERGY SAVINGS

Silver Line® windows are rigorously tested to deliver years of smooth, reliable operation.† For more than 60 years Silver Line has been making quality, energy efficient products you can rely on.

CONFIGURATIONS TO FIT YOUR SPACE

Create a new and unique look for your home with one of our many styles and combinations, including:

Pair

Triple

Double-Hung, Picture Window, Double-Hung

COLOR

These Silver Line[®] vinyl windows are available in white, beige and an interior oak laminate option for the warm, rich look of wood without the maintenance.

White

Beige

Oak Laminate

HARDWARE

Our unique, color coordinated indicator lock is standard on our white and beige Premium double-hung windows. With it you can see at a glance if your window is locked, so you'll know your home is secure. A stylish brass toned lock is standard on our oak laminate window to give an added touch of elegance.

White | Beige
(Shown unlocked)

Brass

GLASS

LOE2 GLASS

Designed to efficiently and transparently reflect heat, this glass helps keep your home warmer in the winter and cooler in the summer.

LOE3 GLASS

This highly efficient glass helps reflect even more heat, resulting in increased comfort and energy savings year-round.

ARGON GAS FILL

An odorless, non-toxic gas that helps reduce heat loss, helping to save on heating costs.

TEMPERED GLASS

Heat treated glass that shatters into pebble-sized pieces instead of larger shards to reduce the risk of injury.

OBSCURE GLASS

Textured glass that provides a translucent effect for added privacy.

TINTED GLASS

A slight shading of color (gray, green or bronze) helps control intense sunlight and helps reduce the sun's heat.

CLEAR GLASS

Dual-pane insulated glass is nearly twice as energy efficient as single pane glass.

Tempered Glass

Gray Tint

Obscure Glass

Green Tint

Bronze Tint

GRILLES

Grilles are available in several different types and patterns that can add style to any home.

GRILLES-BETWEEN-THE-GLASS

Our grilles-between-the-glass options are specially designed to enhance your home's décor and make cleaning your windows a breeze.

Flat

Contour

Oak Laminate

GRILLES OUTSIDE THE GLASS

This premium window offers Simulated Divided Lites (SDL) with grilles attached to the outside of the glass to give the traditional look of individual panes of glass.

SDL

GRILLE PATTERNS

This window is available with a variety of grille patterns. Choose from patterns such as:

Colonial

Prairie

Diamond

Printing limitations prevent exact color duplication. See your Silver Line supplier for actual color samples. Silver Line does not warrant that inert gas infills (such as Argon gas), sealed in the insulated glass unit at the point of manufacture, will not dissipate over time. Silver Line reserves the right to change product designs, specifications, details and pricing at any time without prior notification. Not all options are available on all products and in all areas.
