

**ADD INSTANT BEAUTY AND ENERGY
EFFICIENCY TO YOUR ENTRANCEWAY**

NEW

- LOW-E GLASS OPTIONS
- CONTEMPORARY TRIM II SERIES SINGLE VENT DOOR
- RAPID INSTALL SYSTEM

ENERGY-EFFICIENT. RELIABLE. BEAUTIFUL. ANDERSEN.[®]

Andersen offers a full line of storm doors that add instant beauty to your home and improve the efficiency of your entryway. Designed to deliver performance and convenience, our storm doors offer the peace of mind you've come to expect from Andersen. Along with our selection of EMCO[®] storm doors, Andersen has the styles, options and features to fit your needs.

CONVENIENCE

These innovative features make Andersen storm doors easy to select, easy to install, and easy to enjoy.

QUICK RELEASE GLASS/INSECT SCREEN CHANGE SYSTEM

Change your full glass panel to your full insect screen in seconds with our patented quick release glass/insect screen system. See page 8.

SLIDEAWAY[®] RETRACTABLE INSECT SCREEN

Enjoy convenient anytime ventilation with a retractable insect screen that hides in the top of the door frame when not in use. See pages 10 and 11.

PUSH-BUTTON BOTTOM CLOSER

Tap the button with your toe to hold the door open and keep your hands free. Available on all Andersen storm doors.

KEYABLE LOCKS

Match your Andersen[®] storm door lock to a **Schlage[®]** or **Kwikset[®]** entry door lock to eliminate the need for an extra key. Rekeying should be done by a professional locksmith. Please call the Solution Center Hotline at 800-933-3626. An additional purchase may be required.

NEW STORMDOORCENTRAL.COM

- Find helpful videos and resources on stormdoorcentral.com
- View how to measure for your storm door
 - Watch how to install a storm door
 - See how to install a Rapid Install System door
 - Register your door, find installation instructions and find ordering information for replacement parts

RAPID INSTALL System

FASTER AND EASIER TO INSTALL THAN ANY OTHER STORM DOOR.

With the new Andersen Rapid Install System, available on our two most popular doors – **Contemporary Series Interchangeable Fullview (page 9)** and **Contemporary Series Single Vent (page 10)** – your storm door comes preassembled and ready to install. With Andersen Rapid Install storm doors, adding beauty and energy savings to your entranceway just got easier.

stormdoorcentral.com/rapidinstall

RAPID INSTALL SYSTEM BENEFITS

- The fastest and easiest storm door installation on the market
- Installs with basic tools in about an hour
- No cutting and virtually no measuring

Read and follow the product installation guide for complete installation instructions.

PERFORMANCE

An Andersen® or EMC0® storm door can improve the energy efficiency of your entranceway.

STANDARD CLEAR GLASS

Standard tempered glass is **5x stronger** than regular glass. Also available in decorative patterns on select models.

NEW LOW-E STANDARD CLEAR GLASS

Low-E glass reflects radiant heat back toward the home for **29% more energy efficiency** than standard glass.* Available on select models.

INSULATING GLASS

Dual-pane insulating glass offers **enhanced energy performance**. Only available on Contemporary Deluxe Fullview interchangeable door. **NEW** Low-E Insulating glass is also available.

LAMINATED GLASS

Permanently sealed for added security, laminated glass offers **impact resistance and increased UV protection** to help resist fading. Only available on Contemporary Deluxe Fullview fixed door.

BEAUTY

Andersen storm doors offer the style options to complement the look of your home.

HARDWARE

We offer multiple hardware finishes to match other exterior fixtures on your home.

COLOR

We offer 8 different colors that complement the look of your home.

DECORATIVE GLASS

Add a touch of beauty to your home with our selection of decorative glass.

STORM DOOR BY DESIGN

Completely customize the look of your door with the Storm Doors by Design program. Learn more on pages 6-7.

*Comparing center glass values of standard glass with Low-E glass. Glass tint is exaggerated to indicate placement of Low-E coating.

CHOOSING YOUR STORM DOOR IS AS EASY AS 1-2-3

1

MEASURE YOUR DOORWAY

Andersen® and EMCO® storm doors simply attach to the exterior trim of an existing entry door. Find the door size you need by following these easy steps or by viewing our how-to video at stormdoorcentral.com/measure. 

HEIGHT

Measure for height (H) from the sill to the underside of the exterior trim at the top of the door.

H _____
Record your door height.

WIDTH

Measure the width at the top (W1), center (W2) and bottom (W3) of the door opening. Use the shortest measurement when ordering if they vary.

W1 _____ W2 _____ W3 _____
Record your door width.

For double doors, order two doors and double-door kit.

SELECT DOOR SIZE

Use the sizing charts below to select a door size. Be sure to verify space requirements for the door you select.

_____ Record the door size you need.

VERIFY SPACE REQUIREMENTS

Verify the minimum space requirements on your existing door frame to make sure that your new storm door will fit.

DIMENSION A

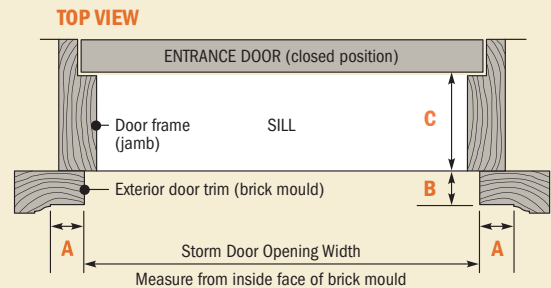

- Minimum of 3/4" (1.91cm) required for Andersen® doors
- Minimum of 1" (2.54cm) for EMCO® doors

DIMENSION B

- Minimum of 1" (2.54cm) required
- For openings less than 1" but greater than 3/4", order optional narrow mount kit for proper installation

DIMENSION C

- Minimum of 2 1/2" (6.35cm) required

STORM DOOR SIZE CHART

Andersen® and EMCO® doors

Door Size	Width Range	Height Range
30"	29-7/8" to 30-3/8"	80" to 80-7/8" for all door sizes*
32"	31-7/8" to 32-3/8"	
34"	33-7/8" to 34-3/8"	
36"	35-7/8" to 36-3/8"	

EMCO® Store-In-Door

Door Size	Width Range	Height Range
30"	30" to 30-3/8"	80" to 80-7/8" for all door sizes
32"	32" to 32-3/8"	
36"	36" to 36-3/8"	

NEED A CUSTOM SIZE?

Custom sizing only available with Standard Clear Glass storm doors 

Custom size ranges for each brand

Door Size	Width Range	Height Range
Andersen Custom	27-3/4" to 38-3/8"	72" to 84-7/8"
Andersen Custom XL	27-3/4" to 42"	72" to 96"
EMCO Custom	27-3/4" to 38-3/8"	75" to 84-7/8"
EMCO Custom XL	38-1/2" to 42"	79" to 91"

For opening widths outside these ranges, custom doors provide the best fit and installation. Alternatively, for openings up to 1" wider than those listed, an optional Z-bar extender kit is available for purchase.

*84" and 96" heights available on the Andersen® Contemporary Series Fullview Interchangeable door, 36" White; 96" also available in Almond.

To qualify for Andersen Custom XL sizing, only one of the following conditions must be met:

- Width of opening must exceed 38-3/8" or
- Height of opening must exceed 84-7/8"

Andersen Custom XL must be specified RH or LH. Ask an associate for details. For openings up to 1" wider than those listed, order an optional Z-bar extender kit. Kits are also available for double-door installation for all models and colors.

Questions about measuring or for more information call 1-800-933-3626 or visit us online at stormdoorcentral.com.

2

CHOOSE YOUR DOOR STYLE AND VENTILATION OPTIONS

Select from over 30 door styles featuring Full-Lite, ¾ Lite, or ½ Lite glass, decorative lower panels or grille options. Interchangeable doors provide seasonal ventilation when the insect screen is in place. Self-storing doors offer convenient anytime ventilation.

FULLVIEW FIXED OR INTERCHANGEABLE

FULLVIEW DOORS

Let in the maximum amount of light and air while beautifully framing your entry door.

FULL-LITE SELF-STORING

FULL-LITE DOORS

Let in an abundance of light while also benefitting from convenient anytime ventilation without having to remove a glass panel.

¾ LITE SELF-STORING

¾ LITE

Enhance your entryway by choosing optional grille and decorative lower panel options.

½ LITE INTERCHANGEABLE OR SELF-STORING

½ LITE

Traditional styling possible with optional grille and multiple decorative lower panel options.

SEASONAL VENTILATION

Fullview fixed doors have a non-removable laminated glass panel that offers a weathertight seal and added security all year long without an insect screen option.

Fullview interchangeable doors allow for the most ventilation with an interchangeable insect screen and glass panel. Carefully store the panel not in use.

Dual vent doors feature one-hand operation with smooth gliding glass that allows anytime ventilation from the top, bottom or both sections simultaneously.

Single vent doors provide anytime ventilation with a retractable insect screen that disappears into the top of the door frame when not in use.

Dual vent doors are easy to operate and allow anytime ventilation from the top, bottom or both sections simultaneously.

Single vent doors provide anytime ventilation with either a retractable insect screen or a permanent screen with glass panels that easily raise or lower.

½ Lite interchangeable doors provide seasonal ventilation with snap in/out glass and insect screen.

Single vent doors provide anytime ventilation with a retractable insect screen or a permanent insect screen with glass panels that easily raise or lower.

ANYTIME VENTILATION

3

CHOOSE THE LOOK YOU WANT

Choose from available glass, color and hardware offerings based on the style and ventilation option of the door selected. Available options vary by door. For a complete list of features and options by door model, see pages 18–19.

ANDERSEN® FULLVIEW DOORS

STORM DOORS BY DESIGN

The Storm Doors by Design program, with the exclusive features of the Andersen® Fullview Contemporary Series door featured on page 7, gives you unlimited design flexibility with the most frame color, glass design and hardware options. This allows you to create a personalized storm door that fits your home and your needs. Choose from 8 door colors, 13 glass options, 10 hardware options and 10 sweep finishes.
