Railing: Horizon Provincial*

## Fiberon Deck and Rail Lighting

Fiberon Deck and Rail Lighting is an energy efficient, low-voltage, all LED system that helps you enjoy your deck at night. Made of rust-free aluminum, all lights are powder-coated for a long-lasting finish. Post Cap, Post Sleeve and Riser lights are available in White, Black and Bronze. Accent Lights are available in Bronze only. 1 year Limited Warranty on all lighting and accessories.

### Post Cap Light

- Translucent acrylic lens that shines a soft, warm light
- Uses one watt of electricity
- Fits a 4X4 post sleeve
- Also available in an unlit version
- Instructions included in package

### Post Sleeve Light

- Uses one watt of electricity
- 3-1/2" diameter
- Light shines down the post
- Makes stairways safer
- Instructions included in package

### Recessed Accent Light Kit

- Includes: 10 accent lights, a 1-amp transformer that powers up to 30 accent lights, 27 wire connectors, 100 feet of wire, a remote driver and remote control and an Installation instruction sheet
- Each light uses .35 watts of electricity
- 1" diameter
- Fits flush with deck board
- Additional lights are available in 2 -packs and 10-packs
- Increases safety on decks without railing
- Instructions included in package

### Riser Light

- Uses one watt of electricity
- 2-3/4" x 4-1/2" face plate
- 1-1/8" x 3" lens
- Fits in a 1-1/2" x 4" rectangular hole
- Instructions included in package

### 3-Amp DC Transformer

- Powers up to 30 watts worth of lighting

### 100' 18/2 gauge wire

- Can be run through Horizon® railing
- Running up a post requires routing the structural wood post

### DC Remote Dimmer

- Plugs into transformer
- Includes dimmer fob
- Required unless transformer is plugged into a switch-operated outlet or connected to a Photo Electric Timer

### Gel-Filled Wire Nuts

- Required for low-voltage outdoor lighting installations

### Photoelectric Timer

- Light sensing photocell automatically turns light on and off
- Up to 8 hour settings or can be set for dusk to dawn

### 2-Step Drill Bit

- Speeds installation of Recessed Accent Lights
